

1. Client will access e-Services website (<https://eservices.nSDL.com>) for registration of IDeAS facility and click on '**Register online for IDeAS**' link available on the home page of e-Services website (refer exhibit 1).

Exhibit 1: e-Services website home page

2. After clicking on the aforesaid link, Client will be required to enter the following details and click on 'Submit' option for registration of **IDeAS** facility (refer Exhibit 2):
 - a) DP ID,
 - b) Client ID,
 - c) Mobile Number (*registered in his/her demat account in NSDL DPM System*) and
 - d) Verification Code (Captcha).

The image shows a screenshot of the 'Direct Registration for IDeAS facility' form. The form has a dark red header. The fields are: DP ID* (value: IN399992), Client ID* (value: 20013085), Mobile Number* (value: 9812345678), and Verification Code* (value: 3zUAt3). The Verification Code field includes a captcha image showing '3zUAt 3' and a text input field containing '3zUAt3'. Below the fields are 'Submit' and 'Reset' buttons. A red asterisk indicates mandatory fields.

Exhibit 2: Registration of IDeAS facility – Submission

Upon clicking on submit button, demat account details as submitted by the Client on e-services website will be validated by NSDL with the details available in the demat account in DPM system and if the same are found correct, then User will be directed to authorization page of **IDeAS** facility. In case mobile number is not captured in the demat account in the DPM System for Sole Holder / First Holder or Second Holder or Third Holder (in case of joint account), the Client will not be able to proceed to **Register online for IDeAS facility**. In such case, Client would be required to approach its Participant (*where Client is maintaining its demat account*) to update his/her mobile number in the demat account to register demat account through **Register online for IDeAS facility**.

3. Upon successful validation, Client will have an option to complete the **IDeAS** registration by entering either last 4 digits of bank account number (as captured in demat account) or entering One Time Password (OTP) message received on the registered mobile number of the demat account holder.

Option 1 – Verification through bank account number:

Client will be required to select 'Option 1' by enabling the radio button of Bank Account No. and enter last 4 digits of the bank account captured in demat account of the Client (refer Exhibit 3). The last 4 digits of bank account number entered by the Client will be verified with the bank account number available in demat account in the DPM system.

NSDL e - SERVICES

Direct Registration for IDeAS facility - Authorization

Please select any one of the following option for verification of demat Account

Option 1 Bank Account No.
Bank Account No. # (Last 4 digits)
Bank Account No. captured in the demat Account

Option 2 One Time Password(OTP)
Enter OTP

Generate OTP

Submit Reset

Exhibit 3: Registration of IDeAS facility - Authorization

Option 2 – Verification through OTP:

Client will be required to select 'Option 2' by enabling the radio button of One Time Password and click on 'Generate OTP' button (refer Exhibit 4). After clicking on the Generate OTP button, OTP will be generated and sent on the mobile number of Sole Holder / First Holder registered in demat account in the DPM system. In case the mobile number of the first holder is not available, then OTP will be sent to mobile number of the second or third holder, as the case may be, registered in demat account in the DPM system. Client will be required to enter OTP within 30 minutes from the time when SMS was sent from NSDL.

The screenshot displays the NSDL e-SERVICES interface for 'Direct Registration for IDeAS facility - Authorization'. It prompts the user to select a verification option for their demat account. Option 1 involves providing the last 4 digits of a bank account number. Option 2, which is selected, involves entering a One Time Password (OTP). A 'Generate OTP' button is visible next to the OTP input field. A red box highlights the 'Generate OTP' button. A message at the bottom indicates that an OTP has been sent to the user's registered mobile number and that they should enter it to complete the registration process. 'Submit' and 'Reset' buttons are also present at the bottom.

Exhibit 4: Registration of IDeAS facility - Authorization

Upon successful completion of authorization process through any of the above mentioned options, Client will be directed to final registration page (refer Exhibit 5) for registration of **IDeAS** facility.

4. Client will be required to enter the following details and click on submit button to proceed for completion of **IDeAS** registration:
 - a) User ID of his / her choice,
 - b) User Name,
 - c) Date of Birth,
 - d) Email ID and
 - e) Password & Confirm Password.

- f) Client can enter their password either using the physical keyboard or virtual keyboard (after enabling the check box - 'Use Virtual Keyboard')
